

NEWSLETTER APRIL 2016.

Plant Sale

The Plant Sale is gathering momentum. Please bring your plant donations to the greenhouse by Tuesday 26th April at the latest as we need to get them labelled and priced. We have good varied stock so please support the sale as it is in everyone's interest to raise funds for the greenhouse.

Rotovator Hire

Rotovator Hire. We have rotovators for hire in the potting shed. Colin Selwood is managing the booking and hires. Rates are £12.00 per half day with one full tank of fuel. If you can't find Colin then his mobile number is 07806 977131

Web site

Website. LCN our web site provider had a problem with hackers so consequently closed all of their hosting sites down until the problem was solved. As far as we are concerned this has not breached our data because there is no personal information on the site. Mark is taking this opportunity to redesign the site as it was looking a little tired.

Community Payback

Community Payback has done a wonderful job over the winter and have completed the tasks that we set so we probably won't see them again. We owe them a great deal of thanks for all their work.

Bottom Car Park

We are still waiting on the contractor's availability. Watch this space.

Hope we keep getting good weather,

Best wishes,

Phil Houckham

Chairman
